FRAUDS IN MANY STATES.

DEMOCRATS PLANNING CRIMES AGAINST THE BALLOT.

FALSE TICKETS IN MICHIGAN-REPEATERS IN INDIANA, MARYLAND AND PENNSYL VANIA-ATTEMPTED INTIMI-

DATION IN THIS CITY. Dispatches and reports poured into the National Republican Headquarters throughout yesterday from various parts of the country, telling of Democratic fraudulent schemes to defeat Harrison that had been discovered. They are of the most diversified character. One from Chairman George H. Hopkins, of the Michigan State Republican Committee, said that Republican tickets were in circulation in the interior of that State with one or two names of Democratic electors in the centre of the list, so as to escape the eve of the ordinary voter. Notice of this was sent out at once to the

chairman of every State Committee in the country.

Michigan appears to be the special point of attack. Postmaster-General Dickinson is working night and day to make inroads upon the Republican ranks, and his lieutenants are hesitating at nothing to earry the election. An illustration of their methods was given yesterday by Mr. Robeson, & brother of Police Commissioner Robeson, of Baltimore. In conversation with a gentleman whom he supposed to be a Democrat, Robeson explained how the Democrats expected to carry Michigan and also New-Jersey. "Michigan," said he, "will give Cleveland 2,000 majority, and it will be done by the Canadian contingent, who will be imported without the slightest difficulty. They are not expected there, and there is every arrangement for bringing them over successfully and putting them into successful work. New-Jersey is all right, because the Democratic Committee, counting on repeaters from Philadelphia, have made calculations that they will carry the State by about 2,700 for Cleveland."

A dispatch from Washington said that repeaters from that city would be sent to Washington and Montgomery Counties, Maryland, to help carry that Congress District against Mr. Mc-Comas. The notorious Eighth Ward repeaters of Baltimore will go to York County, Pennsylvania, and most of them will try to vote at York City, Delta and Oxford.

Western Indiana will be overrun with bogus voters, and it is reported that Gorman's lieutenant, "Charley" Burkhune, of Baltimore, will have charge of them. There will be similar work done for Cleveland and Columbus, Onio. It has been arranged to send gangs from Maryland and Delaware to Trenton, New-Jersey, and to this city. They will come over the Baltimore and Ohio Rail-

The desperate condition of the Democracy was evident on Friday night in their robbing the house of Samuel Fessenden at Stamford, in order to obtain papers and letters relating to the Republican campaign. The house was broken into and the rascals ransacked the desk and tables where his busicals ransacked the desk and tables where his business correspondence was kept. They did not take any valuable articles, showing that their object was not ordinary plunder; but drawers were broken open and papers scattered about in the evident search for documents which would be of service against Republicans. They did not find what they wanted, but their attempt indicates that the exposure of their fraudulent intentions has convinced them that they need something to turn the tide.

vinced them that they need something to turn the tide.

Late last night word came to the National Headquarters that Democratic heclers disguised as detectives were going around in the lower wards threatening to arrest legal Republican voters who live in lodging houses if they dare to cast a ballot on Tuesday. This will be promptly attended to.

Another plan, a phase of which was alluded to yesterday, is to send a lot of Democrats who have voted to every polling place later in the afternoon of election day to interfere with Republicans and prevent their voting. These fellows will form long lines and stay at the polls until the doors are closed, that is, if they are permitted to do so, which is not likely. In fact, it will go hard with any man who attempts fraudulent practices here. The Republicans are in earnest, and as Congressman Knapp, of the State Committee, says, "If any tricks are tried there will be trouble, and lots of it."

A USEFUL PREACHER FOR DEMOCRATS. MAKING THE MOST OF THE REV. DR. C. H. HALL'S SOUTHERN PROCLIVITIES.

The desperate expedients the Democrats in Brooklyn resort to in order to sustain their wanting cause are shown in the use to which Dr. Charles Henry Hall, the rector of Holy Trinity Episcopal Church, is put. Dr. Hall is a Southerner by birth and is almost the only prominent clergyman in Brooklyn supports the Democratic party. When Roger Q. Mills spoke in the Academy of Music, Dr. Hall b-nobbed with "Boss" McLaughlin in a box. On Thursday night he was present at the meeting addressed by Secretary Bayard and was called on for a But the crowning effort to influence public opinion by the weight of the restor of Holy Trinity vas in the erection of the reviewing stand for the Democratic parade last evening in front of Holy Triulty Church, at Clinton and Montague sts.

The stand was occupied by a horde of Democratic politicians until after midnight, while the ranks of the supporters of the party, aided by men hired at 22 each to parade, marched by. Then in the early hours of this morning a force of men set at work to tear down the structure, so that it might be out of the way for the morning services of the church. Among those conspicuous upon the platform was Dr. Hall Further evidence of the way the United States

Marshal's office in Brooklyn is used for partisan ends came to light yesterday. Marshal Stafford refused to appoint any Republican deputies for service on Election Day, although it has been customary to give each party one-half. Now it has come to light that since the cases of suspected illegal registration were laid before the Marshal by United States Commissioner Allen and warrants were issued only those persons who are supposed to be Republicans have been arrested. Alexander Johnson, of the Second Ward, went into Marshal Statiord's office yesterday and accused him of using the office for political purposes. He said he was informed by a deputy that all the warrants for persons supposed to be Democrats were marked to be suppressed and only the others were served. An effort has been made also to connect the names of prominent Republicans with a case of filegal registration in the Twenty-fourth Ward, when all they had to do with the case was that a man who had served a term in the penificantiary ten years ago and had voted since asked them after he was registered whether he could vote. appoint any Republican deputies for service on Elec-

CASES OF ILLEGAL REGISTRATION. Adolph Schlein was held in \$2,000 bail yesterday by Justice Duffy, in the Essex Market Police Court, for registering in the Nineteenth Election District of the VIIIth Assembly District, claiming a residence at the VIIIth Assembly District, claiming a residence at No. 30 Delancey-st. Jacob Nathan also was held in \$2,000 ball for registering from No. 154 Attorney-st. He claimed that he lived there six weeks. Alderman Tait pleaded for the prisoner, and Justice Patterson agreed to reopen the case to-morrow morning. Ernest Wulf was held in \$2,000 for falsely registering from No. 138 Orchard-st.

Thomas J. Stewart, age forty-three, of No. 318 West Forty-eighth-st., was held in \$500 by Justice White, in the Yorkville Police Court, yesterday, on a charge of illegally registering in the Forty-second Election District of the XVIIth Ass-mably District.

A POOR SORT OF TRICK IN COOGAN'S INTEREST. At the headquarters of James J. Coogan in the Belvedere Hotel, yesterday proved to be an exceedingly busy one for the Labor candidate and his assistants. Mr. Coogan signed 856 watchers' certificates that his taken care of. William F. G. Price, lientenant of the Colonel, asserted that already 20,000 men are organized into Coogan clubs, and that with the independent voters Mr. Coogan will have a larger support than Henry George had.

A scheme which by many reputable men has been ed exceptionally tricky, to say the least, was carried into effect by Mr. Coogan's managers in the latter part of the week. They sent out a circular letter to voters in this city, inclosing city and county ballots of the various parties, but substituting Coogan's name in the place of other parties' candidates for Mayor. The same thing was done in the case of William S. Gottheil, the United Labor caudidate for Coroner. All Republicans are cautioned to examine their ballots at the poils, and vote their party's ticket straight for good government.

SEND THOMAS J. RUSH TO THE ASSEMBLY. Thomas J. Rush, a well-known lawyer, has been nominated for Assemblyman by the Republicans of the XXIVth District. He has been for many years a resident of the district, and has a deservedly high reputation. There are two Democrats in the field. Christopher C. Clark has been nominated by Tammany Hall and Clarence S. Graves by the County Democracy. There is a large Republican vote in the district, and there is no reason why Mr. Rush should not be elected.

SAD WORK OF THE "INTERVIEWING BRIGADE."

is the victim of one of "The World" interviewers, who said that Mr. Pangburn was "a Republicau, but says he intends to vote for Grant, because he thinks he will help him in his trade." Mr. Pangburn saw that statement of the reporter in "The World," and immediately wrote a note, saying that it was unauthorized, and that he intended to vote for Joet b. Erhardt, "believing that under Republican administration in the city of New York we will find the relief so much needed."

"The World" has not published the correction, and Mr. Pangburn now desires The Tribune to give the fact that he is heartly in fav.r of the Republican cancellate. Mr. Pangburn is secretary of the Water Front Protective Association and is a well-known Republican.

READY FOR THE HORSES. PROSPECTS OF A FINE EXHIBITION.

MADISON SQUARE GARDEN ENLARGED TO HOLD THE RUSH OF ENTRIES-SOME WELL

KNOWN ANIMALS. The end of many weeks of anxious preparations for the great National five days' show of horses has been reached at last, and on Monday morning the gates of Madison Square Garden will be thrown open on what promises to be one of the largest, most varied and in many respects finest exhibition of the kind ever seen in this city. In the last notice of the main features of the show in these columns it was stated that, in consequence of the difficulty experienced in providing accommodations for the large number of entries repermission for the construction of an annex in Twentyseventh-st. That permit has since been obtained and the carpenters employed on the work have contrived to produce an extensive, well-built and presentable

Entering the main building from the Fourth-ave. side, the first thing that strikes the eye is the superb display of flags of all nations, stretching in rows acros the roof right along the great hall, while around the walls the Stars and Stripes hold the first place. In addition it is intended to light the building at night with thousands of colored electric lamps. CONVENIENTLY FITTED UP.

shed, running from end to end of the Garden and

half way across the street, capable of housing over 100

Running around the sides of the hall and underneath the galleries and the low sloping roof at either end, are some hundreds of stalls and loose boxes, fitted with every modern stable requisite. At the Madi-son-ave, end of the gallery is a restaurant set apart for ladies, while right underneath this room, on the ring floor, is a spacious and well-appointed barroom. Those who pass through the wing on the Madisonave, side will assuredly come to a stop at a stall on which is painted the words "Bayonne Prince. Record, 2:21 1-4." In this division, which will accommodate about twenty-five horses, will be found Mr. Rebout's famous roadster "Queen," and Mr. Darling's "Violet," who is honored with a corner stand near the entrance. Nearly all the rest of the wing is devoted to Mr. Underhill's high steppers. Class 11 is taken up with competitors for the herd prize, which last year had but two entries. On the present occasion there are no less than six standard-bred trotting stallions, each valued at \$20,000. Four of his get accompany each of the stallions, and there will thus be thirty animals in the ring for this particular prize.

A FEW OF THE MANY ENTRIES. The stallions include the names of Robert Steele's Epaulette, record 2:19; A. B. Darling's Starlight, by Kentucky Prince; C. J. Hamlin's Almont, record 2:26; sire of the \$30,000 mare Belle Hamlin; and the same owner's Mambrino Kinb; J. H. Clark's Macey, record, 2:29, by George Wilkes; and A. J. Caton's Don Cossack, record, 2:28, sire of Sally Cossack, record 2:22, while among many more or less famous trotters and roadsters in different classes are Philip II. 2:19 1-4; Robert Bonner, jr's., Volmer, 2:24; Tariff,

SUICIDE ON AN OCEAN STEAMSHIP.

MYSTERY SURROUNDS THE DEAD MAN-SEARCHED BY DETECTIVES AT QUEENSTOWN. When the Inman steamship City of Chester arrived

from Liverpool yesterday it was reported that "R. W. Anderson, a cabin passenger, of England, age about thirty-five, committed suicide by jumping over-Inquiry revealed the fact that he was no R. W. Anderson, nor did he commit suicide by jumping overboard. His name was Frederick A. Lomas, he boarded the ship at Liverpool, was a second-cabin passenger, and committed suicide on the ship. He was about six feet high, of robust build and fine appearance and about thirty-six years old. At Queens town two detectives boarded the vessel, and after searching among the passengers took him to one side They then left the vessel and searched him twice.

After the steamer left Queenstown Lomas appeared melancholy and spent most of his time in the second cabin smoking-room, from which it was difficult to get him out, even to eat his meals. On the third get him out, even to eat his meals. On the third day out Lomas asked if the detectives were still on board, and when the steward informed him that they had left the vessel at Queenstown he appeared incredulous. On the following morring he was found hanging dead from one of the doors of the lavatory with a piece of twine around his neck. He was in a partially sitting posture, so that he might be certain to strangle. He had no effects on board, nor anything that would clear away the mystery concerning him. He had about \$25 in money.

MR. WOOD'S RESIGNATION ACCEPTED. Mayor Hewitt yesterday accepted the resignation of William Wood, as Commissioner of Public Instruction vice of nearly twenty years in the cause of public instruc-tion, and, on behalf of New-York, tenders him its grateful acknowledgments for all he has done.
